

1

Identification of Familial Hypercholesterolaemia in Malaysian Primary Care: A qualitative study of primary care physicians' perspectives

H. Abdul-Hamid^{*1,2}, J. Kai¹, A.S. Ramli², S. Abdul-Razak² and N. Qureshi¹.

¹ Primary Care Stratified Medicine (PRISM), University of Nottingham, United Kingdom.

² Faculty of Medicine, Universiti Teknologi MARA, Malaysia.

2

Understanding the psychological determinants of medication adherence in patients taking statins in the UK

E. Abuelgasim^{*1}, G. Judah², S. Dryden², D. Wingfield^{3,4}, J.A. Mackay⁵, P. Sever⁵

¹ Faculty of Medicine, Imperial College London, London, UK

² Department of Surgery and Cancer, Imperial College London, London, UK

³ Department of Metabolism, Digestion and Reproduction, Imperial College London, London, UK

⁴ School of Public Health, Imperial College London, London, UK

⁵ National Heart and Lung Institute, Imperial College London, London, UK

3

Familial Hypercholesterolaemia (FH) or not?

FH Coding in UK Primary Care Electronic Health Records

R.K. Akyea^{*1}, B. Dutton¹, L. Condon¹, L. Silva¹, S. Weng¹, H. Abdul Hamid¹, S. Gallimore¹, B. Iyen¹, J. Kai¹, N. Qureshi¹ for the FAMCAT study

¹ Primary Care Stratified Medicine Group, School of Medicine, University of Nottingham

4

A combination of cardiovascular and hepatocellular disease in a patient with a late diagnosis of Lysosomal Acid Lipase Deficiency

K Antwi^{*}, A Day, P Downie

Bristol Lipid Clinic, Department of Clinical Biochemistry, Bristol Royal Infirmary, Bristol

5

"Megaplatelets and my cholesterol" doctor!

AG. Bhimjiyani^{1*}, T. Varley¹, M. Ewang-Emukowhate¹, K. Gomez², D. Nair¹

¹ Department of Clinical Biochemistry, Royal Free London NHS Foundation Trust

² Haemophilia Centre and Thrombosis Unit, Royal Free London NHS Foundation Trust

6

Familial Chylomicronaemia Syndrome (FCS) is a rare disease, and there are no published guidelines to assist the clinician in management in pregnancy

H. Boharoon¹, L. Barton¹, S. Walji¹, A. David¹, J. Scott¹, J. Cegla¹

¹ Hammersmith Hospital Lipid Clinic, Department of Cardiology, Imperial College Healthcare NHS Trust

7

Improving the Identification of Patients with a Genetic Diagnosis of Familial Hypercholesterolaemia in Primary Care; A Strategy to achieve the NHS Long Term Plan

Lorna Ingoe^{1&2}, Aimee Potter¹, Susan Musson¹, Dermot Neely², Guy Pilkington³, A. Joy Allen^{4,5}, Danielle Reay⁶, Ahai Luvai⁷, Ciaron McAnulty⁶, Nick Camm⁸, Ian Berry⁸, Jody Nichols², Gareth Forbes⁹, Julia Newton^{2,4}, **Peter E Carey**¹⁰

1. *Genetic Medicine, Centre for Life, Newcastle upon Tyne Hospitals NHS Foundation Trust, Newcastle, UK*
2. *Academic Health Science Network North East and North Cumbria (AHSN), The Campus for Ageing and Vitality, Newcastle, UK*
3. *Newcastle Gateshead CCG, Newburn Riverside Business Park, Newcastle, UK*
4. *Population Health Sciences Institute, The Medical School, Newcastle University, Newcastle, UK*
5. *NIHR In Vitro Diagnostics Co-operative Newcastle, Translational and Clinical Research Institute, Newcastle University, Newcastle Upon Tyne, UK*
6. *Northern Genetics Service, The Newcastle upon Tyne Hospitals NHS Trust, Centre for Life, Newcastle, UK*
7. *Laboratory Medicine, The Newcastle upon Tyne Hospitals NHS Trust, Newcastle, UK*
8. *Yorkshire and North East Genomic Laboratory Hub, St. James's University Hospital, Leeds, UK*
9. *Leadgate Surgery, Leadgate, Consett, UK*
10. *South Tyneside and Sunderland NHS Foundation Trust, Sunderland, UK*

8

Four new methods of identifying probands for Familial Hypercholesterolaemia in Northern Ireland

M.H. Cather^{*1}, I.S. Young², B.V. Roberts², P.K. Hamilton², M. O'Kane³, E.M. Proctor³, P.C. Sharpe⁴, C.M. Rocks⁴, E. Hanna⁵, J. Donnelly⁵, T. Trinick⁶, K.A. Lyttle⁶, P.J. Hart¹, K.E. Ryan²

1. *N.I. Regional Genetics Laboratory.*
2. *Belfast HSCT.*
3. *Western HSCT.*
4. *Southern HSCT.*
5. *Northern HSCT.*
6. *South Eastern HSCT.*

9

Evaluation of interpretive clinical comments on laboratory reports to aid identification of patients with Familial Hypercholesterolaemia

R.Chakartash^{*1}, D.Narayanan¹, R.Dunn¹, P.Sutton¹

¹*Department of Chemical Pathology, Hull Royal Infirmary, Hull University Teaching Hospitals NHS Trust, Hull, UK*

10

A Multidisciplinary Review of Lipid Management in Post Cardiac intervention Patients in a NHS Trust between June 2019 and June 2020

Eimear Connell^{*1}, Kathryn Miller¹, Shahid Junejo¹, Peter E Carey¹

1. *South Tyneside and Sunderland NHS Foundation Trust, Kayll Road, Sunderland, Tyne and Wear, SR4 7TP*

11

Exploring the use of primary case searches to optimise lipid management in those identified at high risk of a genetic diagnosis of familial hypercholesterolaemia

Eimear Connell^{*1}, Lorna Ingoe^{2,3}, Susan Musson², Dermot Neely³, Guy Pilkington⁴, Jody Nichols³, Gareth Forbes⁶, Julia Newton^{3,5}, Peter E Carey¹

1. *South Tyneside and Sunderland NHS Foundation Trust, Kayll Road, Sunderland, Tyne and Wear, SR4 7TP*
2. *Genetic Medicine, Centre for Life, Newcastle upon Tyne Hospitals NHS Foundation Trust, Newcastle, NE1 3BZ*
3. *Academic Health Science Network North East and North Cumbria (AHSN), Room 2.13, Biomedical Research Building, The Campus for Ageing and Vitality, Nun's Moor Road, Newcastle, NE4 5PL.*
4. *Newcastle Gateshead CCG, Riverside House, Goldcrest Way, Newburn Riverside Business Park, Newcastle, NE15 8NY*
5. *Population Health Sciences Institute, The Medical School, Newcastle University, Newcastle, NE2 4HH*
6. *Leadgate Surgery, George Ewen House, Watling St, Leadgate, Consett, DH8 6DP*

12

Lomitapide reduces lipoprotein apheresis (LA) burden in selected cases of homozygous familial hypercholesterolaemia (HoFH)

C. Dawson^{*1}, A. Ochoa-Ferraro¹, S. Walji², L. Barton², J. Cegla²

¹Department of Endocrinology, University Hospitals Birmingham NHS Foundation Trust, University of Birmingham, Birmingham, UK

²Department of Cardiology, Imperial College Healthcare NHS Trust, London, UK

13

Digital health RCT interventions for cardiovascular disease risk reduction: a systematic review and meta-analysis

Rohan Devani¹, Arushan Kirubakaran¹, Mariam Molokhia¹

Department of Population Health Sciences, King's College London

14

Identification of Familial Hypercholesterolaemia in patients presenting with premature acute coronary syndrome

J. Duff^{*}, R. Wang, J. Graby, M. O'Doherty

Royal United Hospitals, Bath

15

Is the family history documented in Primary Care Electronic Health Records adequate to assess familial Hypercholesterolaemia?

B. Dutton^{*1}, L. Condon¹, J. Kai¹, N. Qureshi¹

¹Department of Primary Care, University of Nottingham, Nottingham, England

16

Proprotein convertase subtilisin–kexin type 9 inhibitors ((PCSK9i): The experience of the lipid clinic at the Royal Free Hospital (RFH)

M. Ewang-Emukowhate^{*}, E Ofagbor, N Hoshi, A Jain, M Omosilade, D Nair

Department of Clinical Biochemistry, Royal Free Hospital, London, UK

17

Lipid Specialist Nurse Clinics for PCSK9i provision: A new service in Newcastle

Ferriman, C.¹, Banerjee, P.¹, Jenkinson, F.¹, Neely, RDG.², Luvai, A.¹

¹The Lipid Clinic, Newcastle upon Tyne Hospitals NHS Foundation Trust and ²Academic Health Science Network

18

Assessing the use of cardiac CT across South West lipid clinics: a physician survey

***J Graby**¹, J Sellek¹, A Khavandi¹, JCL Rodrigues², P Downie³

¹Department of Cardiology, Royal United Hospital Bath NHS Foundation Trust, UK

²Department of Radiology, Royal United Hospital Bath NHS Foundation Trust, UK

³Department of Laboratory Medicine, Salisbury NHS Foundation Trust, UK

19

Two Children with Compound Heterozygous Familial Hypercholesterolemia with Parents with Comparatively Low LDL-Cholesterol / Family Study

A Handhle¹, A. Viljoen²

¹ Department of Clinical Biochemistry, Addenbrookes Hospital, Cambridge, UK

² Department of Pathology, Lister Hospital, Stevenage, UK

20

Experience of the First Two Years of PCSK9 Inhibitor Use Following NICE Approval in a Teaching Hospital Lipid Clinic

*[Haslam S](#)¹, Chatzimavridou V², Salazar L², Allcock R¹

¹*Clinical Biochemistry Department, Lancashire Teaching Hospitals NHS Trust*

²*Diabetes and Endocrinology Department, Lancashire Teaching Hospitals NHS Trust*

21

Impact of PCSK9 inhibitors on hypercholesterolaemic patients at a tertiary centre lipid clinic

[A. Israni](#)*¹, B. Jones², V. Salem², V. Bravis²

¹*Department of Endocrinology, Imperial College London, London, United Kingdom*

²*Department of Endocrinology, Imperial College Healthcare NHS Trust, London, United Kingdom*

22

Improving equity of access for FH genomic testing through sample type expansion

[S. Marsh](#)*¹, S. Cook¹, R. Moore¹, J. Glauert¹, S. Wakeman¹, M. Pennock¹, C. Duff-Farrier¹, R. Whittington¹, N. Forrester¹, E. Watson¹, P. Downie^{2,3}, P. Rostek³, L. Gritzmacher³, G. Bayly³, R. Butler¹, M. Williams¹

¹*Bristol Genetics Laboratory, North Bristol NHS Trust*

²*Salisbury NHS Foundation Trust*

³*University Hospitals of Bristol NHS Foundation Trust*

23

A new way to tackle CVD risk – A digital resource

[J A Nichols](#) - AHSN NENC

Dr G Forbes - Leadgate Surgery GP Partner, Derwentside

24

The proteome of high density lipoprotein changes throughout gestation in healthy pregnancy and differs between healthy pregnancy and preeclampsia in the third trimester

[P. Patanapirunhakit](#)^{1*}, W. Sulaiman¹, H. Karlsson², S. Ljunggren², D. Graham¹ and D. Freeman¹

¹*Institute of Cardiovascular and Medical Sciences, University of Glasgow, Glasgow, UK*

²*Occupational and Environmental Medicine Center, Department of Clinical and Experimental Medicine, Linköping University, Linköping, Sweden*

25

Sleep disorders are associated with cardiovascular risk factors in American adults

L.G. Hughes¹, N.C. Henney¹, M. Banach^{2,3} [P.E. Penson](#)^{1,4*}

¹*School of Pharmacy and Biomolecular Sciences, Liverpool John Moores University, Liverpool, United Kingdom*

²*Department of Hypertension, Medical University of Lodz, Lodz, Poland*

³*Polish Mother's Memorial Hospital Research Institute, Lodz, Poland*

⁴*Liverpool Centre for Cardiovascular Science, Liverpool, United Kingdom*

26

Improving Diabetes Screening In Patients Presenting With Acute Myocardial Infarction: An Audit And Quality Improvement Project

*[K. Saleh](#)², R. Mukhtar¹, A. Naing¹

¹*Frimley Health NHS Trust;* ²*London North West University Healthcare Trust*

27

Patients' experiences of genetic testing for Familial Hypercholesterolaemia in Primary Care

L. Silva^{*1}, L. Condon¹, N. Qureshi^{1,2} and J. Kai^{1,2}

¹PRISM Research Group, Division of Primary Care, School of Medicine, University of Nottingham, Nottingham, UK. ²Joint Senior Authors

28

A pharmacist-led model for primary care case finding and management of PCSKgi therapy

Tucker, C^{*1}, Barrett, S¹, Ashton, L², Batsford, P³, Pattman, S¹

1. Northumbria Healthcare NHS Trust, North Tyneside, UK

2. Collingwood Health Group, North Tyneside, UK

3. Forum Family Practice, Cramlington, UK

29

Heterozygous familial hypercholesterolaemia (FH) – are European Society of Cardiology (ESC)/European Atherosclerosis Society (EAS) 2019 lipid targets achievable?

K. Whitehurst^{*1}, L. Kayali¹, Tracy Jones¹, S. Elgerray¹, H. Divyateja¹

¹Department of Clinical Pathology, Nottingham University Hospitals, Nottingham, United Kingdom
